Notes for the competitive gymnasts

Please note that the commitment to train with Aura Rhythmics is for the whole competitive year!

We have divided the cost of training into 10 months for convenience and simplification of payment.

It is possible to pay in full or in portions:

(September- June)

(September-December, January- June) or

(September-December, January- March, April-June)

There is no refund for vacation or sickness. The missed classes can be made up on other gym days, at times convenient for both coaches and scheduling.

If you would like to withdraw from the program, we require 1 month of written notice to the head coach.

Private classes

Private classes are not mandatory, but can be very valuable for working on details of the technique, routines, or any other individual needs of the gymnasts.

We strongly encourage, especially the competitive gymnasts from Western and National Stream, to book private lessons for choreography. Choreography is a creative process and it will give a chance to the coaches to focus only on one person.

The cost for Private lessons is:

1 hour - \$80 1.5 hours - \$110 2 hours - \$130

Later in the year, when the routines are ready, we offer semi private lessons:

1.5 hours (2 athletes) - \$120

Please find attached the **Registration Form. If you have no changes in information, do not fill out a new one.** We will use the Registration Form from last year.

We will need your support in promoting our new location, Recreational and Beginner programs by introducing our club to friends, associates and acquaintances. Your effort will help Aura Rhythmic to grow and function efficiently.
